WHAT AND HOW...

One of our favorite vocabulary-building games that strengthens group membership and is a great tool for strengthening family ties.

THINK AND TELL is a collection of fun and fast-paced games that use words and pictures to stimulate your imagination. There are six different ways to play the game. Below are brief descriptions of each.

Game 1: Tell a short story using all the words listed on the left side of the template.

Game 2: Which of the listed words are related or have something in common, and why?

Game 3: Which of the listed words do you think you say the most often and in what circumstances?

Game 4: On the right side of the template are pictures. Try to create a short story using them.

Game 5: Connect as many of the pictures together as possible based on associations and see if they fit together.

Game 6: Try to match the pictures with the listed words. Can they be associated or connected? Tell what they may have in common.

*We guarantee a fairly interesting word game. Good luck! Oh, one more thing, Carlos is the caretaker of the **THINK AND TELL** game.*
