01

HOW DID YOU START WITH PHOTOGRAPHY?

Photography had always intrigued me, but it wasn't until I bought my first DSLR camera that I delved into it personally. Transitioning from my role as a TV & Film producer for advertising agencies and broadcasters, I found inspiration from working alongside talented DOPs. What captivates me about photography is its unique ability to freeze moments in time.

02

WHAT'S IN MY BACKPACK?

My essential gear includes the Nikon D7200 along with a versatile range of lenses: Nikkor 18-105mm, Nikkor 35mm, Tamron 17-50mm, and Tokina 12-24mm. I also carry a remote control for precise shots, a reliable tripod for stability, lens pens, and various maintenance tools to ensure my gear remains in top condition.

03

WHERE DO YOU FIND YOUR INSPIRATION?

My inspiration stems from the dynamic urban landscape, modern architecture and geometric shapes, frequently explored alongside my wife and our dog through the city streets. While I may set out with a plan, some of my most striking shots materialise spontaneously as I immerse myself in the surroundings. I find immense creative fuel as a curator within our Facebook photography group "**IMAGeNATION**," where the diverse styles of our talented members never fail to spark fresh ideas. And of course, in magazines like Camerapix Press "**WE INSPIRE**".

04

WHAT ARE YOUR FAVOURITE TECHNIQUES OR METHODS?

Most of my shots are handheld, granting me the flexibility to experiment with angles and compositions. I prefer this freedom over the constraints of a tripod.

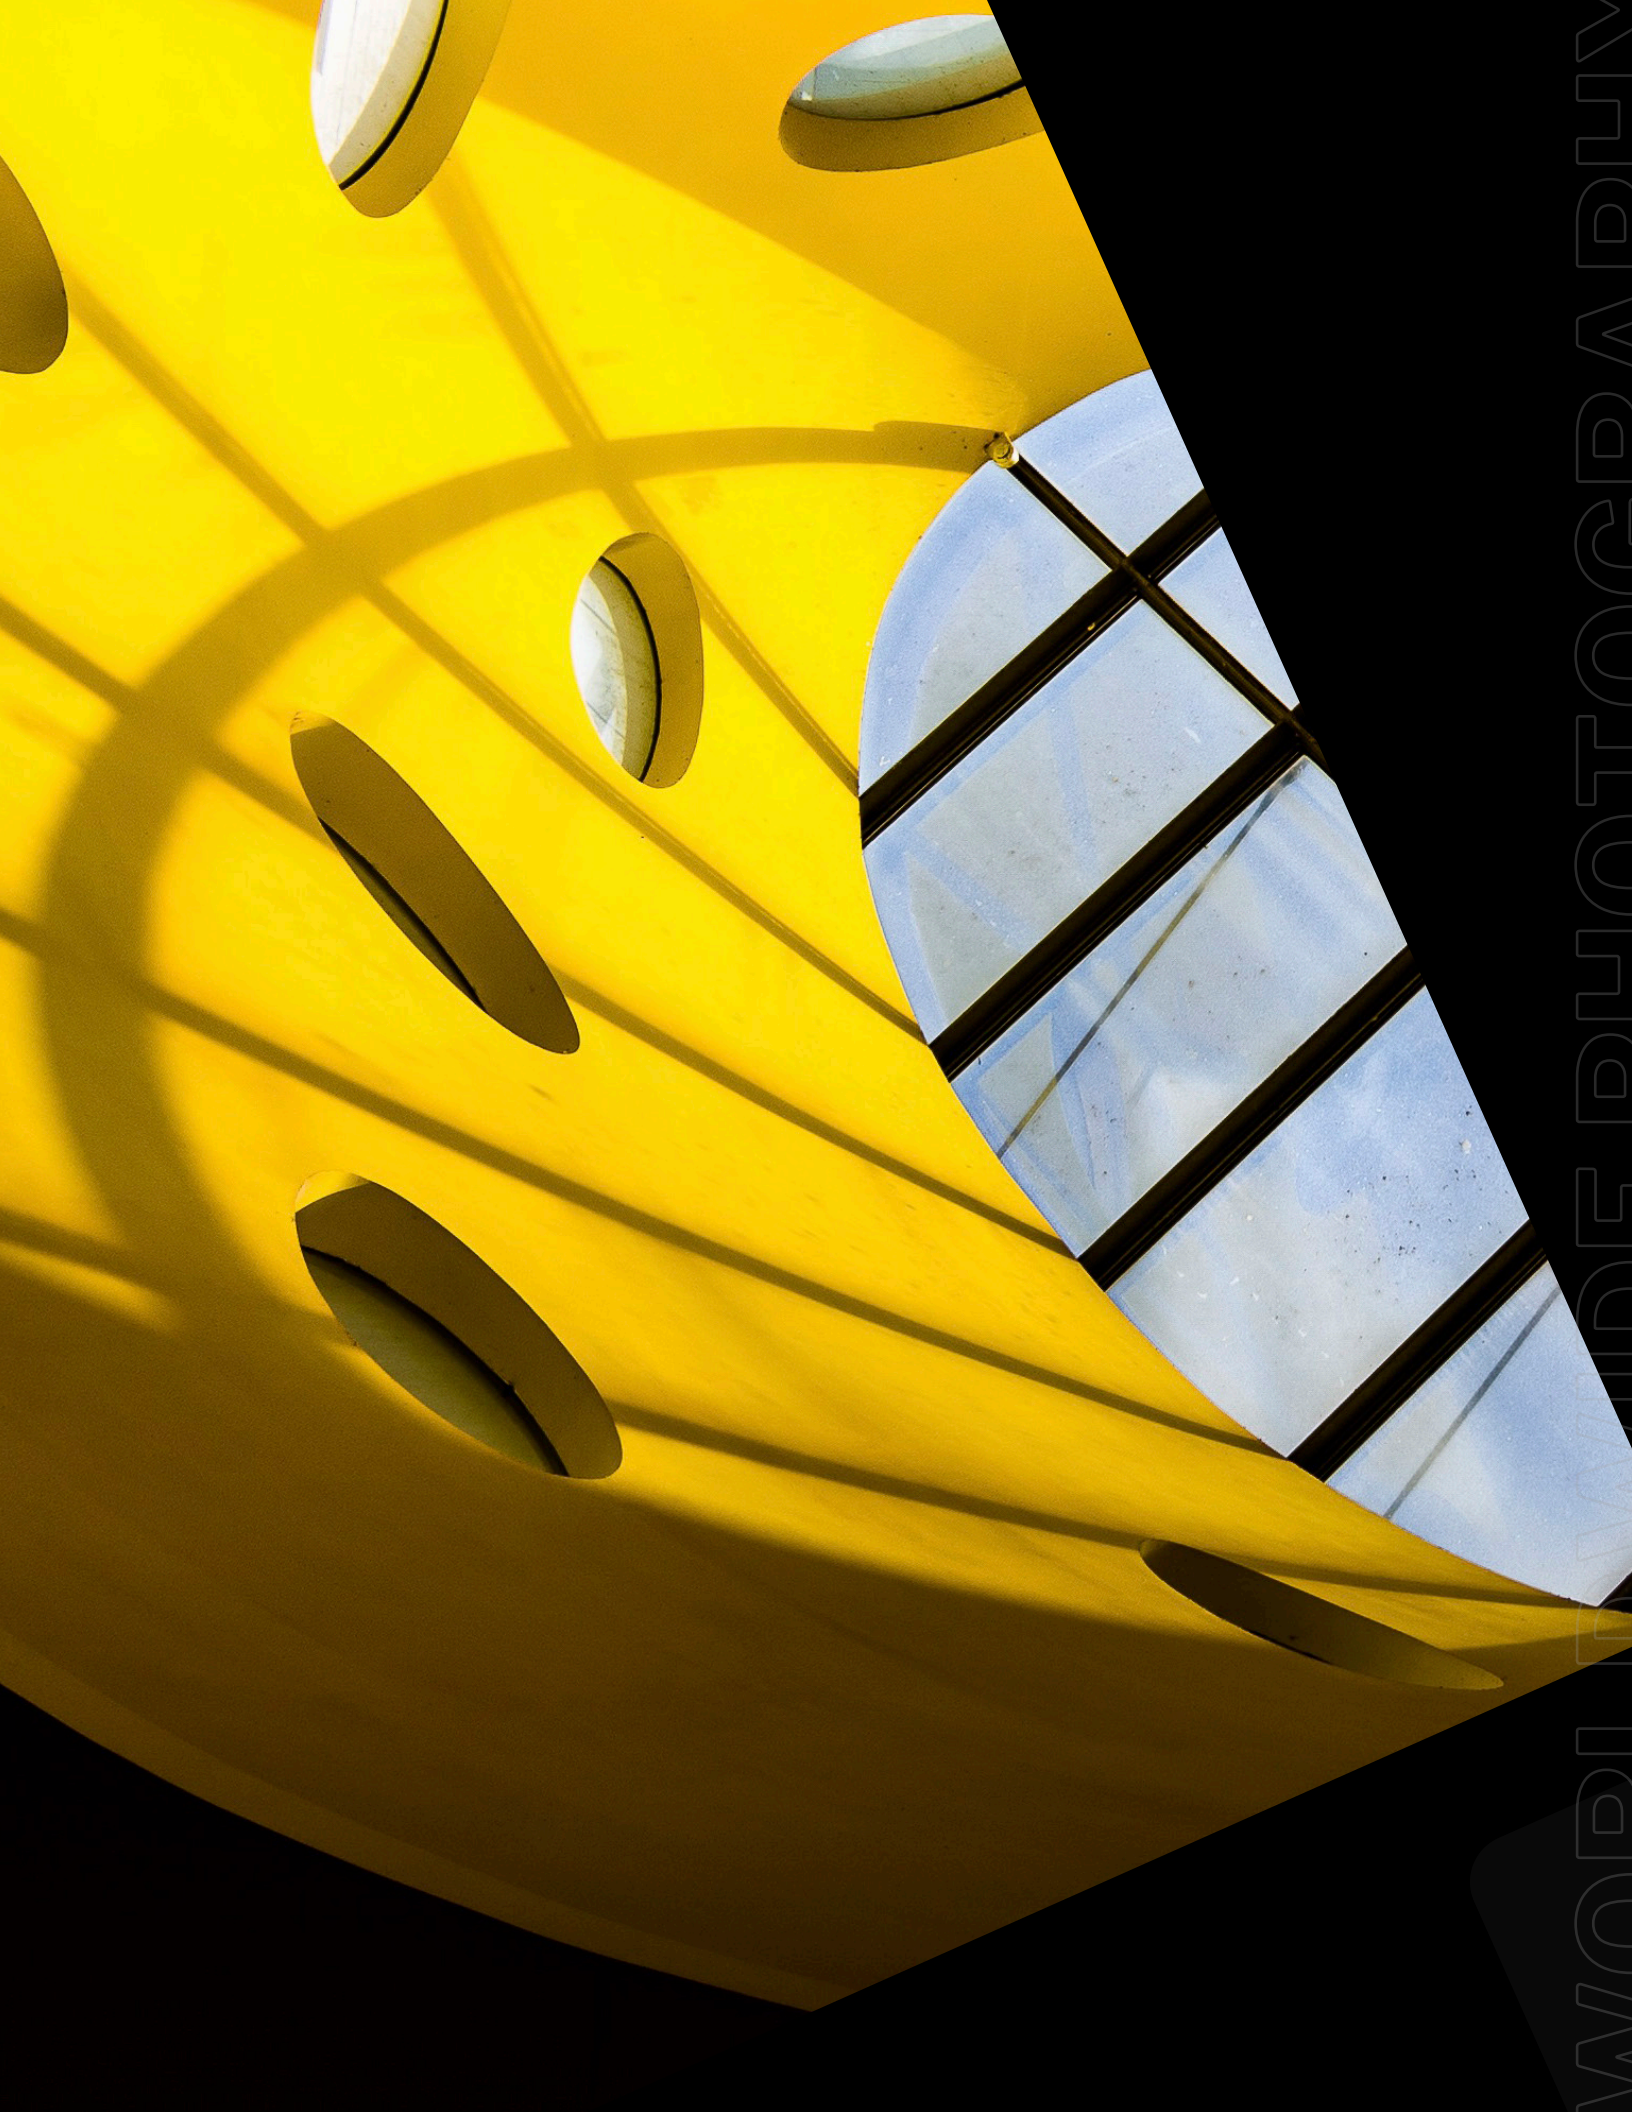

MARTIN WACKER

DE

Martin Wacker, a former TV producer for advertising agencies and broadcasters, found his true calling in photography. Specializing in architecture, he embraces a purist approach to his craft. For Martin, the enchantment of photography lies in its ability to freeze moments in time, a feat unmatched by any other technology.

Through his lens, he captures the essence of fleeting moments, creating a lasting visual legacy that transcends the boundaries of time itself.

WWW.PHOTOCD.COM

05

WHAT DO YOU FIND MOST ENJOYABLE IN TAKING PHOTOGRAPHS?

The essence of a captivating photograph lies beyond technical prowess. For me, it's about capturing originality, expression, mood, or storytelling. I'm drawn to images where the mundane is transformed into the extraordinary, highlighting the photographer's creativity and vision.

06

HOW MUCH EMPHASIS DO YOU PUT ON POST-PRODUCTION?

While post-production plays a significant role, I believe in maintaining the authenticity of the captured moment. My post-processing mainly involves colour correction in Lightroom, avoiding excessive alterations.

07

HOW DO YOU PROMOTE YOUR PHOTOGRAPHY?

I showcase my work on my website, <https://www.martinwacker.xyz/>, and actively engage with the photography community across social media platforms, including LinkedIn, where I can connect with a diverse audience. Additionally, I submit my photographs to various competitions to expand my reach and gain exposure.

08

DO YOU HAVE ANY HINTS OR TIPS FOR ASPIRING PHOTOGRAPHERS?

Start by honing your framing skills; I recommend reading Michael Freeman's book "**THE PHOTOGRAPHER'S EYE**" for valuable insights. Basic photography knowledge is foundational, but continual experimentation and learning are vital for growth. Embrace your unique perspective, explore diverse styles, and challenge conventional norms. Photography is a dynamic visual art, offering endless opportunities for personal expression and creative exploration.

09

WHAT DO YOU THINK ABOUT CAMERAPIXO PRESS?

GROUP RULES

1. PHOTO LIMIT

Only ONE single image is allowed per day. Diptychs are allowed as long as they are on one single image. Sharing of links, public posts from outside the Group, or screenshots are not allowed. Post your best work, preferably with a title.

2. AUTHORSHIP OF IMAGES, SIGNATURES

Post your OWN work only. Members who upload work that is not theirs are solely accountable for possible copyright infringements and will be banned from the Group. Logos or signatures inserted in images must be your own. They must be discreet and non-distracting. Please avoid the addition of frames.

3. BE BENEVOLENT

We all participate in this Group by creating a friendly environment. Let us show respect to all. Healthy disagreements are acceptable, but courtesy is essential. There is zero tolerance for rude or aggressive behaviour in our Group.

4. PHOTO RESOLUTION, MOBILE UPLOADS

Recommended photo resolution is 2048 px wide. Images of a resolution of 1200-1400 px min. maybe accepted as long as they are sharp and clear. Whatever the case, bad quality photos will be rejected. Facebook will significantly downgrade uploads from mobiles down to 960px. In the settings on your mobile, you can switch to "Upload HD" and your images of sufficient resolution will be transcoded in a higher resolution. The other option is to upload from a computer.

5. TECHNICAL QUALITY, ARTISTIC SKILLS

IMAGeNATION aims to showcase the absolute best in photographic art. Our published and award-winning admins are very selective and will reject any uploads they consider to be of poor technical quality and/or artistic skills. Their decisions are final and indisputable and are NOT obliged to explain their decisions to any member. Regarding selections, images are shortlisted and chosen on their own merits, not on the number of likes. Uploads by the admins are excluded from the selection process.

6. UNACCEPTABLE POSTS

Refrain from posting sexually explicit images or videos, content that calls for violence, racism, bullying, any kind of harassment or political statements. We do not accept computer generated or AI imagery nor sharing of links, public posts, or screenshots. Sharing of photos and links in comments is not allowed. Members who do not heed this warning, may be removed from the Group.

7. ADVERTISING, 3D PHOTOGRAPHY, VIDEOS, 360° PHOTOGRAPHY
